HT-E2000

CCL Laser Thickness Measuring System

Non-contact laser thickness for PCB copper clad laminates.

Product overview

Non-contact laser thickness system for PCB copper clad laminates. Micron accuracy. Integrates into production lines for 100% inline QC.

Technical specifications

Method	Non-contact laser
Accuracy	Micron level
Integration	Inline production QC

Typical applications

PCB manufacturers / Copper clad laminate producers

Referenced standards

IPC-4101 / IEC 61189

Configuration & quotation

Send the specimen material and dimensions, required force range, test method and factory location. Confirm the supplied machine, fixtures and accessories in the quotation.

Specifications are reference values for configuration review. Contact Hung Ta Instrument for the current supplied configuration.
