HT-8756P

Automatic Disk Rheometer

Auto disk rheometer for storage modulus & tan delta.

Product overview

Automatic disk rheometer measuring storage modulus, loss modulus & tan delta. Full auto specimen loading & temperature control.

Technical specifications

Measurements	Storage modulus, loss modulus, tan delta
Loading	Full auto specimen loading

Typical applications

Rubber R&D / Polymer characterization

Referenced standards

ISO 6502 / ASTM D6204

Configuration & quotation

Send the specimen material and dimensions, required force range, test method and factory location. Confirm the supplied machine, fixtures and accessories in the quotation.

Specifications are reference values for configuration review. Contact Hung Ta Instrument for the current supplied configuration.
